

Migdal
arquitectos

<http://www.migdal.com.mx>

Info:

Migdal Arquitectos is a project development and construction company. The firm works in several typologies, all of them attended by a group of practicing specialists on diverse disciplines, such as national and international consulting companies. In Migdal Arquitectos we project and built with the end of rich the environment and create transcendent architecture. Our company have made inroads in several typologies, since income housing developments, middle housing, residential, office buildings, commerce, road transport, industrial parks, such as specialized buildings, between others. Some constructions have become urban icons of the cities where they have been built.

Actividades:

Diseño Arquitectónico
Restauración arquitectónica, conservación

INFO

In seguito alla ri-densificazione e di salvataggio del centro storico di Città del Messico, Paseo de la Reforma, una delle vie più importanti della città, emerge come il passaggio di recupero commercial, culturali e storiche più belle di questa grande città. Negli ultimi anni, hanno costruito su questo diversi sviluppi alloggi strada eccezionale importante e grandezza. Uno di tali sviluppi è Plaza Residences, un nuovo edificio.

L'edificio è incominciato tra due punti di riferimento culturale ...

INFO

Il Teatro Auditorio Gota de Plata agisce come il
culmine visivo del muro di piazza grande 80 x 400
metri fatta da artista Gálvez Byron nel "Parque
Cultural David Ben Gurion" nello Stato di Hidalgo. Il
concetto più importante di questa idea nasce dal
Auditorium per riflettere la parete attraverso una
grande piazza, montanti in vetro coperto specchio
riflettente, pronto a 25 metri di altezza e con una
moneta ad ogni fine di quasi 40 metri. EscucharLeer
foneticamente
